**NOTICE OF RECEIPT AND INTENT TO OBTAIN
A VOLUNTARY EMISSION REDUCTION (VERP)
AIR PERMIT**

AIR QUALITY PERMIT NO. 48785

APPLICATION GAF Materials Corporation, P.O. Box 655607, Dallas, Texas, 75265 has applied to the Texas Natural Resource Conservation Commission (TNRCC) for issuance of a Voluntary Emission Reduction Permit, Air Quality Permit No. 48785, which would authorize changes to the existing operation of the Asphalt Roofing Line 1 at the Dallas Plant, in order to obtain emission reductions. The facility is located at 2600 Singleton Boulevard, Dallas, Dallas County, Texas. The following air contaminants will be evaluated for authorization: particulate matter (aggregate and road dust), nitrogen oxides, carbon monoxide, sulfur dioxide and organic compounds including (but not limited to) asphalt vapors, diesel and kerosene vapors. This permit will not authorize new construction or an increase in emissions.

This application was submitted to the TNRCC on April, 23, 2001. The application is available for viewing and copying at the TNRCC central office, the TNRCC Dallas-Fort Worth regional office, and the Probate Court at Law No. 1, 500 Main Street, Dallas, Dallas County, Texas. The facility's compliance file, if any exists, is available for public review in the Dallas-Fort Worth regional office of the TNRCC.

The TNRCC executive director has determined the application is administratively complete and will conduct a technical review of the application.

PUBLIC COMMENT/PUBLIC MEETING You may submit public comments or request a public meeting or a notice and comment hearing to the Office of the Chief Clerk at the address below. The TNRCC will consider all public comments in developing a final decision on the application. **The deadline to submit public comments is 30 days after newspaper notice is published.** After the deadline for public comments, the executive director will prepare a response to all relevant and material or significant public comments.

The purpose of a public meeting is to provide the opportunity to submit comments or ask questions about the application. A public meeting about the application may be held if the executive director determines that there is a significant degree of public interest in the application or if requested by a local legislator. A public meeting is not a contested case hearing.

After the final deadline for public comments following any public meeting or notice and comment hearing, the executive director will consider the comments and prepare a response to all relevant and material or significant public comments. If any comments are received, the response to comments, along with the executive director's action on the application, will be mailed to everyone who submitted comments or is on the mailing list for this application.

OPPORTUNITY FOR A NOTICE AND COMMENT HEARING A person who may be affected by the emission of air pollutants from the site may request a notice and comment hearing. The TNRCC may grant a notice and comment hearing on this application if a written hearing request is filed within 30 days after publication of this newspaper notice. The purpose of a notice and comment hearing is to provide an opportunity to submit comments on the draft permit. If a notice and comment hearing is granted, all individuals who submitted written comments or a hearing request will receive written notice of the hearing. This notice will identify the date, time, and location for the hearing. Issues such as property values, noise, traffic safety, and zoning are outside of the Commission's jurisdiction to address in this proceeding.

MAILING LIST In addition to submitting public comments, you may ask to be placed on a mailing list to receive future public notices for this specific application mailed by the Office of the Chief Clerk by sending a written request to the TNRCC Office of the Chief Clerk at the address below.

INFORMATION Written public comments or requests for a public meeting or requests for a notice and comment hearing should be submitted to the Office of the Chief Clerk, MC-105, TNRCC, P.O. Box 13087, Austin, Texas 78711-3087. For more information about this permit application or the permitting process, please call the Office of Public Assistance, Toll Free, at 1-800-687-4040. General information regarding the TNRCC can be found at www.tnrcc.state.tx.us.

Further information may also be obtained from GAF Materials Corporation at the address stated above or by calling Mr. Roger Stephens, Plant Manager at (214) 637-8919.

AVISO DE RECIBO DE SOLICITUD E INTENTO DE OBTENER UN PERMISO DE CALIDAD DEL AIRE

PERMISO NUM. 48785

SOLICITUD GAF Materials Corporation, P. O. Box 655607, Dallas, Texas 75265, se ha registrado con la Comisión de Conservación de Recursos Naturales de Tejas (TNRCC o Texas Natural Resource Conservation Commission) para autorizar un Permiso para Reducción de Emisiones Voluntario, Permiso Núm. 48785, el cual autorizará cambios a la operación existente de Asfalto Línea 1 en la Planta de Dallas a fin de obtener reducciones de emisión. La instalación esta ubicada en el 2600 Singleton Boulevard, Dallas, Condado de Dallas, Tejas. Los siguientes contaminantes del aire serán evaluados para autorización: materia particulada, (Agregada y polvo del camino), óxidos de nitrógeno, monóxido de carbono, dióxido de azufre y compuestos orgánicos incluyendo (pero no limitados a) vapores de asfalto, vapores de diesel y nafta. Este permiso no autorizará construcciones nuevas o aumentos a emisiones.

Esta solicitud fue sometida al TNRCC el 23 de Abril de 2001. La solicitud está disponible para revisarse y copiarse en la Oficina Central del TNRCC, en la Oficina Regional del TNRCC en Dallas-Fort Worth y en Corte Probatoria de Ley No. 1, 500 Main St., Dallas, Condado de Dallas, Tejas. El archivo de cumplimiento de las leyes de la instalación, si existe, estará disponible para el público en la Oficina Regional del TNRCC en Dallas-Fort Worth.

El director ejecutivo del TNRCC ha determinado que la solicitud se halla administrativamente completa y conducirá un análisis técnico de la solicitud.

COMENTARIOS PUBLICOS/JUNTA PUBLICA Usted puede someter comentarios públicos, solicitar una junta pública, o solicitar una audiencia de aviso y comentarios sobre esta solicitud a la Oficina del Chief Clerk en la dirección a continuación. El TNRCC considerará todos los comentarios públicos en el desarrollo de una decisión final sobre esta solicitud. El plazo límite para someter sus comentarios públicos es 30 días después de la publicación de este aviso en el periódico. Después del plazo límite para los comentarios públicos, el director ejecutivo preparará una respuesta a todos los comentarios públicos relevantes y materiales o de otro modo significativos.

El propósito de una junta pública es para proveer la oportunidad de someter comentarios o para preguntar sobre la solicitud. Una junta pública sobre la solicitud se llevará a cabo si el director ejecutivo determina que existe un grado significativo de interés público en la solicitud o si la solicita un legislador local. Una junta pública no es considerada una audiencia en controversia.

Después del plazo final para someter comentarios públicos subsecuentes a cualquier junta pública o audiencia de aviso y comentarios, el director ejecutivo considerará los comentarios y preparará una respuesta a todos los comentarios públicos relevantes y materiales o significativos. Si se reciben comentarios, la respuesta a los comentarios, junto con la acción del director ejecutivo sobre la solicitud, serán entonces enviadas por correo a todos aquellos que hallan sometido comentarios públicos o que estén en la lista de correo sobre esta solicitud.

OPORTUNIDAD PARA UNA AUDIENCIA EN CONTROVERSIA Cualquier persona que pueda ser afectada por los contaminantes atmosféricos de esta facilidad puede petitionar una audiencia de aviso y comentarios.

Es posible que el TNRCC conceda una audiencia de aviso y comentarios si una petición es sometida dentro de 30 días después de la publicación de este periódico. El propósito de una audiencia de aviso y comentarios es proveer la oportunidad de someter comentarios sobre el permiso preliminar. Si una audiencia de aviso y comentarios es concedida, todas las personas que sometieron comentarios por escrito o que hayan petitionado la audiencia recibirán un aviso acerca de la audiencia. El aviso tendrá la fecha, hora y localidad de la audiencia. Asuntos como el valor de la propiedad, ruido, seguridad de tráfico y zonas municipales están fuera de lo que la Comisión tiene la jurisdicción de considerar en este proceso.

LISTA DE CORREO Además de poder someter comentarios públicos, usted puede solicitar que se le ponga en una lista de correo para recibir información adicional de esta solicitud solicitando a la Oficina del Chief Clerk en la dirección a continuación.

INFORMACION Comentarios públicos por escrito, peticiones para una junta pública o peticiones para una audiencia en controversia, deberán someterse a la Oficina del Chief Clerk, MC-105, TNRCC, P.O. Box 13087, Austin, Tejas 78711-3087. Para más información sobre esta solicitud o el proceso de permisos, por favor llame a la Oficina de Asistencia Pública, gratis, al 1-800-687-4040. Información general sobre el TNRCC se puede encontrar en el www.tnrcc.state.tx.us.

Más información también puede obtenerse de GAF Materials Corporation, en la dirección escrita anteriormente o llamando al Señor Roger Stephens, Plant Manager en el 214-637-8919.

Dear Mr. Stephens:

We have declared the above-referenced application, received on April 23, 2001, administratively complete on June 25, 2002.

You are now required to publish notice of your proposed activity. To help you meet the regulatory requirements associated with this notice, we have included the following items:

- ☐ Notices for Newspaper Publication (Examples A and B)
- ☐ Sign Posting Example (Example C)
- ☐ Instructions for Public Notice
- ☐ Affidavit of Publication
- ☐ Notification List
- ☐ Air Permit Public Notice and Alternative Language Notice Certification Form

Please note that it is VERY IMPORTANT that you follow ALL directions in the enclosed instructions. If you do not, you may be required to republish the notice. A common mistake is the unauthorized changing of notice wording or font. If you have any questions, please contact us before you proceed with publication.

The following items and time limitations are also described in the enclosed instructions. However, due to their importance we want to highlight them for you.

1. Publish the enclosed notice and post signs within **30 calendar days** after your application is declared administratively complete (see this letter's first paragraph for the declaration date).

Re: Air Quality Permit No. 48785

2. You may also be required to publish notice and post signs in an alternate language (refer to the enclosed *Instructions for Public Notice*, and *Air Permit Public Notice and Alternative Language Notice Certification Form*). The Air Permit Public Notice and Alternative Language Notice Certification Form, and spanish notice templates are available at www.tnrcc.state.tx.us/permitting/r_e/par.
3. Place a copy of your application in a public place in the county where the facilities are or will be located. This copy must be accessible to the public for review and copying and remain in place throughout the newspapers' comment period.
4. Return original newspaper clippings (tear sheets) of the notices, which show publication date and newspaper name, to the TNRCC Office of the Chief Clerk and copies to those on the enclosed *Notification List* within **10 business days** after notices are published.
5. Return the original enclosed *Affidavit of Publication* and, if applicable, *Alternative Language Affidavit of Publication* to the Office of the Chief Clerk and copies to those on the enclosed *Notification List* within **30 calendar days** after the notice is published in the newspaper.
6. Return the *Air Permit Public Notice and Alternative Language Notice Certification Form* to the Office of the Chief Clerk and copies to those on the enclosed *Notification List* within **10 business days** after end of the comment period listed in the notices.

If you do not comply with **all** requirements described in the instructions, further processing of your application may be suspended or the agency may take other actions. Please note that as your application undergoes the technical review, we may request additional information.

If you have any questions regarding publication requirements, please contact the Office of the Chief Clerk at (512) 239-3300. If you have any other questions, please contact Ms. Patricia Martin at (512) 239-5323.

NOTICE OF RECEIPT AND INTENT TO OBTAIN A VOLUNTARY EMISSION REDUCTION (VERP) AIR PERMIT

AIR QUALITY PERMIT NO. 48785

APPLICATION GAF Materials Corporation, P.O. Box 655607, Dallas, Texas, 75265 has applied to the Texas Natural Resource Conservation Commission (TNRCC) for issuance of a Voluntary Emission Reduction Permit, Air Quality Permit No. 48785, which would authorize changes to the existing operation of the Asphalt Roofing Line 1 at the Dallas Plant in order to obtain emission reductions. The facility is located at 2600 Singleton Boulevard, Dallas, Dallas County, Texas. The following air contaminants will be evaluated for authorization: particulate matter (aggregate and road dust), nitrogen oxides, carbon monoxide, sulfur dioxide and organic compounds including (but not limited to) asphalt vapors, diesel and kerosene vapors. This permit will not authorize new construction or an increase in emissions.

This application was submitted to the TNRCC on April 23, 2001. The application is available for viewing and copying at the TNRCC central office, the TNRCC Dallas-Fort Worth regional office, and the Probate Court at Law No. 1, 500 Main Street, Dallas, Dallas County, Texas. The facility's compliance file, if any exists, is available for public review in the Dallas-Fort Worth regional office of the TNRCC.

The TNRCC executive director has determined the application is administratively complete and will conduct a technical review of the application.

PUBLIC COMMENT/PUBLIC MEETING You may submit public comments or request a public meeting or a notice and comment hearing to the Office of the Chief Clerk at the address below. The TNRCC will consider all public comments in developing a final decision on the application. **The deadline to submit public comments is 30 days after newspaper notice is published.** After the deadline for public comments, the executive director will prepare a response to all relevant and material or significant public comments.

The purpose of a public meeting is to provide the opportunity to submit comments or ask questions about the application. A public meeting about the application will be held if the executive director determines that there is a significant degree of public interest in the application or if requested by a local legislator. A public meeting is not a contested case hearing.

After the final deadline for public comments following any public meeting or notice and comment hearing, the executive director will consider the comments and prepare a response to all relevant and material or significant public comments. If any comments are received, the response to comments, along with the executive director's action on the application, will be mailed to everyone who submitted comments or is on the mailing list for this application.

OPPORTUNITY FOR A NOTICE AND COMMENT HEARING A person who may be affected by the emission of air pollutants from the site may request a notice and comment hearing. The TNRCC may grant a notice and comment hearing on this application if a written hearing request is filed within 30 days after publication of this newspaper notice. The purpose of a notice and comment hearing is to provide an opportunity to submit comments on the draft permit. If a notice and comment hearing is granted, all individuals who submitted written comments or a hearing request will receive written notice of the hearing. This notice will identify the date, time, and location for the hearing. Issues such as property values, noise, traffic safety, and zoning are outside of the Commission's jurisdiction to address in this proceeding.

MAILING LIST In addition to submitting public comments, you may ask to be placed on a mailing list to receive future public notices for this specific application mailed by the Office of the Chief Clerk by sending a written request to the TNRCC Office of the Chief Clerk at the address below.

INFORMATION Written public comments or requests for a public meeting or requests for a notice and comment hearing should be submitted to the Office of the Chief Clerk, MC-105, TNRCC, P.O. Box 13087, Austin, Texas 78711-3087. For more information about this permit application or the permitting process, please call the Office of Public Assistance, Toll Free, at 1-800-687-4040. General information regarding the TNRCC can be found at www.tnrcc.state.tx.us.

Further information may also be obtained from GAF Materials Corporation at the address stated above or by calling Mr. Roger Stephens, Plant Manager at (214) 637-8919.

El director ejecutivo del TNRCC ha determinado que la solicitud se halla administrativamente completa y conducirá un análisis técnico de la solicitud.

COMENTARIOS PÚBLICOS/ JUNTA PÚBLICA Usted puede someter comentarios públicos, solicitar una junta pública, o solicitar una audiencia de aviso y comentarios sobre esta solicitud a la Oficina del Chief Clerk en la dirección a continuación. El TNRCC considerará todos los comentarios públicos en el desarrollo de una decisión final sobre esta solicitud. **El plazo límite para presentar comentarios públicos es 30 días después de la publicación de este aviso en el periódico.** Después de el plazo límite para comentarios públicos, el director ejecutivo preparará una respuesta a todos los comentarios públicos relevantes y materiales o de otro modo significativos.

El propósito de una junta pública es para proveer la oportunidad de someter comentarios, o hacer preguntas sobre la solicitud. Una junta pública sobre la solicitud se llevará a cabo si el director ejecutivo determina que existe un grado significativo de interés público en la solicitud o si la solicita un legislador local. Una junta pública no es considerada una audiencia en controversia.

Después del plazo final para someter comentarios públicos subsecuentes a cualquier junta pública, o audiencia de aviso y comentarios, el director ejecutivo considerará los comentarios y preparará una respuesta a todos los comentarios públicos relevantes y materiales, o significativos. Si se reciben

comentarios, la respuesta a los comentarios, junto con la acción del director ejecutivo sobre la solicitud, serán entonces enviadas por correo a todos aquellos que hallan sometido comentarios públicos o que estén en la lista de correo sobre esta solicitud.

OPORTUNIDAD PARA UNA AUDIENCIA DE AVISO Y COMENTARIOS

Cualquier persona que pueda ser afectada por los contaminantes atmosféricos de esta facilidad puede petitionar una audiencia de aviso y comentarios.

Es posible que el TNRCC conceda una audiencia de aviso y comentarios si una petición es sometida dentro de 30 días después de la publicación de este aviso en el periódico. El propósito de una audiencia de aviso y comentarios es proveer la oportunidad de someter comentarios sobre el permiso preliminar. Si una audiencia de aviso y comentarios es concedida, todas las personas que sometieron comentarios por escrito o que hayan petitionado la audiencia recibirán un aviso acerca de la audiencia. El aviso tendrá la fecha, hora y localidad de la audiencia. Asuntos como el valor de la propiedad, ruido, seguridad de tráfico, y zonas municipales están fuera de lo que la Comisión tiene la jurisdicción de considerar en este proceso.

LISTA DE CORREO Además de poder someter comentarios públicos, usted puede solicitar que se le ponga en una lista de correo para recibir información adicional de esta solicitud solicitando a la Oficina del Chief Clerk en la dirección a continuación.

INSTRUCTIONS FOR PUBLIC NOTICE For New Source Review Air Permit

NOTICE OF RECEIPT OF APPLICATION AND INTENT TO OBTAIN PERMIT

Your application has been declared administratively complete and now you must comply with the following instructions:

Please Review Notice

We have included in the notice all of the information which we believe is necessary. Please read it carefully and notify us immediately if it contains any errors or omissions. You are responsible for ensuring the accuracy of all information published. You may not change the text or font/style of the notice without prior approval from the TNRCC.

Newspaper Notice

- You must publish the enclosed *Notice of Receipt of Application and Intent to Obtain Permit* within **30 calendar days** after the date of administrative completeness.
- You must publish the enclosed *Notice of Receipt of Application and Intent to Obtain Permit* at your expense, in a newspaper of general circulation in the municipality where the facilities are or will be located. If the facilities are not located within a municipality, the newspaper should be of general circulation in the municipality nearest the location.
- You must publish this notice in one issue of any applicable newspaper.
- You will find two example notices enclosed in this package. *Example A* must be published in the "public notice" section of the newspaper. *Example B* must be published in the **same issue** of the newspaper as *Example A*; however, it must be published in a prominent location (other than the public notice section). *Example B* notice is intended to refer the public to the "public notice" section of the newspaper where *Example A* provides more information regarding the permit application.
- *Example B* must be a total of at least **6 column inches (standard advertising units)** with a height of at least **3 inches** and a horizontal dimension of **2 column widths**. If the newspaper chosen does not use standard advertising units for measurement, the notice must be at least **12 square inches** with the shortest side at least 3 inches.
- The bold text of the enclosed notice **must** be printed in the newspaper in a font style or size that distinguishes it from the rest of the notice (i.e., bold font, *italics*). **Failure to do so may require re-publication.**

Alternative Language Notice

In certain circumstances, applicants for air permits must complete notice in alternative languages.

- Public notice rules require the applicant to determine whether a bilingual program is required at either the elementary or middle school nearest to the proposed facility location. Bilingual education programs are determined on a district-wide basis. When students who are required to attend either school are eligible to be enrolled in a bilingual education program, some alternative language notice is required (signs notice, or signs and newspaper notice).
- Since the school district, and not the schools, must provide the bilingual education program, these programs do not have to be located at the above-mentioned schools to trigger the alternative language notice requirement. If there are students who would normally attend the nearest schools, but are eligible to be taught in a bilingual education program at a different location, alternative language notice is required.
- If triggered, publication of alternative language notices must be made in a newspaper or publication printed primarily in each language taught in the bilingual education program. This notice is required if such a newspaper or publication exists in the municipality or the county where the facility is or will be located.
- The applicant must demonstrate a good faith effort to identify a newspaper or publication in the required language. If a general circulation newspaper or publication printed in such language cannot be found, publishing in that language is not required, but signs must still be posted adjacent to each English language sign. Publication in an alternative language section or insertion within a large publication which is not printed primarily in that alternative language does not satisfy these requirements.
- The applicant has the burden to demonstrate compliance with these requirements. To assist applicants to meet these requirements, the TNRCC has provided the *Air Permit Public Notice and Alternative Language Notice Certification Form* (enclosed). This form is available at www.tnrc.state.tx.us/permitting/r_e/par.
- It is suggested the applicant work with the local school district to do the following:
 - (a) Determine if a bilingual program is required in the district;
 - (b) Determine which language is required by the bilingual program;
 - (c) Locate the nearest elementary and middle schools; and
 - (d) Determine if any students attending either school are eligible to be enrolled in a bilingual educational program.

Proof of Publication

- You must submit **original newspaper clippings or tear sheets** of the published notices which show the date of publication and the name of the newspaper to the TNRCC Office of the Chief Clerk within **10 business days** after the date of publication.
- You must submit an **original publisher's affidavit** to the Office of the Chief Clerk within **30 calendar days** after the date of publication. **You must use the enclosed affidavit.** The affidavit must clearly identify the applicant's name and permit number.
- You are encouraged to submit the affidavit with the original newspaper tear sheets described above; however, the affidavit must be submitted no later than **30 calendar days** after publication of notice.

- The original publisher's affidavit and original newspaper tear sheets of the published notices must be mailed to:

TNRCC
Office of the Chief Clerk, MC-105
Attn: Notice Team
P.O. Box 13087
Austin, Texas 78711-3087

- Please ensure that the affidavit and newspaper tear sheets you send to the TNRCC Chief Clerk are originals and that all blanks on the affidavit are filled in correctly. Photocopies of newspaper tear sheets and affidavits are not acceptable.
- Photocopies of newspaper tear sheets, affidavits, and verifications must also be sent to those listed on the enclosed *Notification List* within the deadlines specified above.

Failure to Publish and Submit Proof of Publication

You must meet all publication requirements. If you fail to publish the notice or submit proof of publication *on time*, then the TNRCC may suspend further processing on your application or take other actions.

Sign Posting

Applicants for air quality permits must also post signs.

- Signs must be in place on the first day of publication in a newspaper and must remain in place and be legible for the publications' designated comment period.
- The information enclosed (*Example C*) is an example only. It is your responsibility to verify that the appropriate information pertaining to your application is accurate. Any changes to the text prepared by the TNRCC need to be approved by the agency.
- Each sign placed at the site must be located within 10 feet of each (every) property line paralleling a public street, road, or highway. Signs must be spaced at not more than 1,500-foot intervals. A minimum of one sign, but not more than three signs are required along any property line paralleling a public street, road, or highway. Sign(s) must be placed at whatever height above the ground is necessary for sign(s) to be 100 percent visible from the street.
- All lettering on the sign must be 1½" in height. The sign must be at least 18" wide and 28" tall.
- Alternative language signs are required if alternative notice is required, even if no newspaper can be found.
- You must submit verification of sign posting using the Air Permit Public Notice and Alternative Language Notice Certification Form within 10 business days after end of the publications' designated comment period.

Application in a Public Place

- You must provide a copy of the administratively complete application at a public place for review and copying by the public. This place must be in the county in which the facility is located or proposed to be located.
- A public place is one that is publicly owned or operated. For example, libraries, county courthouses, or city halls.
- The administratively complete application must be available beginning on the first day of newspaper publication and remain available until the end of the publications' designated comment period.
- If the application is submitted to the TNRCC with information marked as confidential, you are required to indicate which specific portions of the application are not being made available to the public. These portions of the application must be accompanied with the following statement: "Any request for portions of this application that are marked as confidential must be submitted in writing, pursuant to the Public Information Act, to the TNRCC Public Information Coordinator, MC-197, P.O. Box 13087, Austin, Texas 78711-3087."
- You must submit verification of file availability using the Air Permit Public Notice and Alternative Language Notice Certification Form within **10 business days** after end of the publications' designated comment period.

General Information

When contacting the Commission regarding this application, please refer to the permit number at the top of the *Notice of Application and Intent to Obtain Permit*.

If you have questions or need assistance regarding publication requirements, please contact the TNRCC Office of the Chief Clerk at (512) 239-3300 or the project reviewer listed in the cover letter.

Re: Voluntary Emission Reduction Permit Application

Dear Senator West:

Pursuant to the requirements of Section 382.0516 of the Texas Clean Air Act, Texas Health and Safety Code, Chapter 382, this letter is to notify you of the recent receipt of an application for a Voluntary Emission Reduction Permit, as authorized by Senate Bill 766 of the 76th Texas Legislature, for a facility which is located in your district. As part of the air permitting process, this applicant will be required to publish a formal public notice in a newspaper of general circulation in the municipality nearest to the facility location. The notice will inform the public of their right to ask questions, make comments, request a public meeting, or request a notice and comment hearing. This letter is being sent to you for information only and no action is required. The status of all pending air quality applications are listed by region and may be viewed by visiting our agency web site at www.tnrcc.state.tx.us/permitting/airperm/nsrp/maps/nsrmap.shtml.

GAF Materials Corporation, P.O. Box 655607, Dallas, Texas, 75265, has applied to permit the Asphalt Roofing Line 1 at the Dallas Plant located at 2600 Singleton Boulevard, Dallas, Dallas County, Texas. The Air Quality Permit Number is 48785.

If you need further information or have any questions, please call Mr. Richard Hyde at (512) 239-1317 or write him at the Texas Natural Resource Conservation Commission, Office of Permitting, Remediation, and Registration, Air Permits Division (MC-162), P.O. Box 13087, Austin, Texas 78711-3087.

Re: Name of Company GAF Materials Corporation
PERMIT NO. 48785

We have attached a draft portion of the Notice of Receipt of Application and Intent to Obtain a Permit, which contains information relevant to your application. Please review the information carefully and provide us with any corrections as soon as possible. The application will not be declared administratively complete or forwarded to a technical engineer until you confirm that the wording in the notice is acceptable.

In some cases, the notice is required to be published in another language. We have included an easy check list to help you determine if a bilingual notice is necessary. Please indicate at this time if you will need this notice. Once your application is declared complete, we will file the original notice package with the Chief Clerk for mailing.

Please complete the portion below and fax this page along with bilingual check list back to us at the above number. Your assistance is appreciated.

Wording of Notice Approved by: [Signature]

Date: 6/25/02

Is alternative language required? Yes X No

Language(s): SPANISH

**EASY STEPS TO DETERMINE IF YOU WILL REQUIRE A
BILINGUAL PUBLIC NOTICE**

Public notice rules require you to determine whether a bilingual language program is offered at the nearest elementary or middle school to the facility for which you seek a permit or an amendment. If it is, the bilingual notice will be triggered. If it is not, but children who would normally attend those schools are eligible to attend bilingual programs elsewhere in the school district, the bilingual notice will also be necessary.

Please call the school district with the names of the nearest elementary and middle schools and obtain the following information:

- Is a bilingual program required by the Texas Education Code in the School District?
☒ Yes
☐ No
- Are the children who attend either the elementary school or the middle school closest to your facility eligible to be enrolled in a bilingual program provided by the district?
☒ Yes
☐ No
- If yes, which language is required by the bilingual program?

Name of Language: SPANISH

Complete instructions on publishing the bilingual notice and posting signs will be available in your full public notice package. This is just to determine if the notice will be needed.

Please complete the above and fax this page back to us with the language approval page. Our fax number is (512) 239-4500. Thank You.
